## II. BACKGROUND

On September 23, 2022, the Securities and Exchange Commission (or “SEC”) issued an Order Instituting Cease-and-Desist Proceedings Pursuant to Section 8A of the Securities Act of 1933 and Section 21C of the Securities Exchange Act of 1934, Making Findings, and Imposing a Cease-and-Desist Order (the “Order”) against Compass Minerals International, Inc. (the “Respondent”). Background on this case, including the Order, the Plan, and any other orders issued by the SEC in connection with this proceeding, is available on the SEC’s website at: <https://www.sec.gov/enforcement-litigation/distributions-harmed-investors/compass>. In the Order, the SEC found that from 2017 to 2018, Compass made repeated misrepresentations about its plans to reduce costs and about the production levels at its Goderich salt mine in Canada. These misrepresentations were the consequence of a deficient disclosure process at the company in which statements to investors were not reviewed by personnel who were sufficiently knowledgeable about both Compass’s operations and its disclosure obligations. The failures in Compass’s disclosure controls and procedures resulted in material misstatements about the Goderich mine. The Goderich new mining system was unable to produce enough salt and the production shortfalls caused by the upgrade required the company to incur additional expenses that increased costs for Compass. Compass also misrepresented the amount of salt it was mining. In October 2018, Compass disclosed its continued production shortfalls which significantly impacted its financial results, thereby causing its share price to decline significantly. The company’s senior management did not also have sufficient information about the environmental issues caused by a facility owned by its subsidiary in Brazil which resulted in imposed penalties from the Brazilian government and liabilities from third parties affected by these environmental issues, also resulting in financial consequences and risks. In addition to these violations, Compass filed material misstated financials which did not comply with General Accepted Accounting Principles (GAAP). The SEC ordered the Respondent to pay a \$12,000,000.00 civil money penalty to the SEC. The SEC also created a Fair Fund, pursuant to Section 308(a) of the Sarbanes-Oxley Act of 2002, so the penalty collected can be distributed to harmed investors (the “Fair Fund”).

The Compass Minerals Fair Fund consists of the \$12,000,000.00 collected from the Respondent. The Fair Fund has been deposited in a SEC-designated account at the U.S. Department of the Treasury, and any accrued interest will be added to the Fair Fund.

On July 22, 2024, the SEC issued an order appointing Heffler, Radetich & Saitta, LLP as the Tax Administrator of the Fair Fund. On November 26, 2024, the SEC issued an order appointing Simpluris, Inc. (“Simpluris”), as the Fund Administrator to oversee the administration and distribution of the Fair Fund and set the administrator’s bond amount. On January 28, 2025, the SEC issued an order approving the proposed plan of distribution and simultaneously posted the Plan. On March 13, 2026, the SEC issued an order approving an amended plan of distribution and simultaneously posted the Plan.
