

**IN THE CIRCUIT COURT OF THE SEVENTEENTH JUDICIAL CIRCUIT
WINNEBAGO COUNTY, ILLINOIS**

JACQUELINE GREGORY, individually and
on behalf of a class of similarly situated
individuals,

Plaintiff,

v.

TUBI, INC.,

Defendant.

Case No.: 24-LA-0000209

Hon. Ronald A. Barch

FINAL APPROVAL ORDER AND JUDGMENT

This matter coming to be heard on Plaintiff’s Motion for Final Approval of Class Action Settlement (the “Motion”) and Plaintiff’s Motion and Memorandum of Law for Attorneys’ Fees, Expenses, and Service Award, due and adequate notice having been given to the Settlement Class, and the Court having considered the papers filed and proceedings in this matter, and being fully advised in the premises,

IT IS HEREBY ORDERED, ADJUDGED, and DECREED as follows:

1. Unless otherwise noted, all capitalized terms in this Final Approval Order and Judgment (the “Final Approval Order”) shall have the same meaning as ascribed to them in the Settlement Agreement and Release (“Settlement Agreement”) between Plaintiff Jacqueline Gregory (“Plaintiff”), on her own behalf and on behalf of the Settlement Class, and Defendant Tubi, Inc. (“Tubi” or “Defendant”). Plaintiff and Defendant are each referred to as a “Party” and are collectively referred to as the “Parties.”

2. This Court has jurisdiction over the subject matter of this action and personal jurisdiction over all parties to this action, including all Settlement Class Members.

3. The Court preliminarily approved the Settlement Agreement by Preliminary Approval Order dated August 26, 2024. At that time, the Court preliminarily certified a class of the following individuals:

All users of the Tubi service at any time between June 23, 2021 and August 26, 2024.

Excluded from the Settlement Class are: (1) any Judge presiding over this action and members of their families, (2) Defendant, Defendant's subsidiaries, parent companies, successors, predecessors, and any entity in which the Defendant or its parent(s) have a controlling interest, (3) persons who properly execute and file a timely request for exclusion from the Settlement Class, and (4) the legal representatives, successors or assigns of any such excluded persons.

Under 735 ILCS 5/2-801 and 2-802, the Court finally certifies, for settlement purposes only, the Settlement Class.

4. The Court has read and considered the papers filed in support of this Motion for entry of the Final Approval Order, including the Settlement Agreement and Exhibits thereto and supporting declarations.

5. The Court held a Final Approval Hearing on December 4, 2024, at which time the Parties and all other interested persons were afforded the opportunity to be heard in support of and in opposition to the Settlement.

6. Based on the papers filed with the Court and the presentations made to the Court by the Parties and other interested persons at the Final Approval Hearing, the Court now gives final approval to the Settlement and finds that the Settlement Agreement is fair, adequate, reasonable, was entered into in good faith, and is in the best interests of the Settlement Class in light of the complexity, expense, and duration of the litigation and the risks involved in establishing

liability and damages in maintaining the class action through trial and appeal. The complex legal and factual posture of the Litigation, and the fact that the Settlement Agreement is the result of arm's-length negotiations between experienced attorneys familiar with the legal and factual issues in this case, presided over by a neutral mediator, further support this finding.

7. The consideration provided under the Settlement Agreement constitutes fair value given in exchange for the Released Claims against the Released Parties. The Court finds that the consideration to be paid to Settlement Class Members is reasonable, considering the facts and circumstances of the claims and affirmative defenses available in the Litigation and the potential risks and likelihood of success of alternatively pursuing litigation on the merits.

8. The persons who are listed on Exhibit 1 to this Order have made timely and valid requests for exclusion and are excluded from the Settlement Class and are not bound by this Final Approval Order. In the event that the Parties identify additional persons not included in Exhibit 1 who submitted requests for exclusion that were (a) postmarked or electronically submitted on or before October 31, 2024; (b) personally signed by the person seeking exclusion; and (c) either (i) submitted electronically by the person seeking exclusion or (ii) mailed (including through bulk mail), the Parties shall file with the Court an Addendum to Exhibit 1 that lists those names on or before February 6, 2025. The persons listed on that Addendum also will be excluded from the Settlement Class and will not be bound by this Final Approval Order.

9. For settlement purposes only, the Court confirms the appointment of Plaintiff Jacqueline Gregory as Class Representative of the Settlement Class.

10. For settlement purposes only, the Court confirms the appointment of the following counsel as Class Counsel, and finds they are experienced in class litigation and have adequately represented the Settlement Class:

Evan M. Meyers
Eugene Y. Turin
Jordan R. Frysinger
McGUIRE LAW, P.C.
55 W. Wacker Drive, 9th Floor
Chicago, Illinois 60601
(312) 893-7002
emeyers@mcgpc.com
eturin@mcgpc.com
jfrysinger@mcgpc.com

11. With respect to the Settlement Class, this Court finds, for settlement purposes only, that: (a) the Settlement Class defined above is so numerous that joinder of all members is impracticable; (b) there are questions of law or fact common to the Settlement Class, and those common questions predominate over any questions affecting only individual members; (c) the Class Representative and Class Counsel have fairly and adequately protected, and will continue to fairly and adequately protect, the interests of the Settlement Class; and (d) certification of the Settlement Class is an appropriate method for the fair and efficient adjudication of this action.

12. The Court has determined that the Notice given to the Settlement Class Members, in accordance with the Preliminary Approval Order, fully and accurately informed Settlement Class Members of all material elements of the Settlement and constituted the best notice practicable under the circumstances; was reasonably calculated under the circumstances to apprise the Settlement Class of the pendency of this action and their rights to object to or exclude themselves from the Settlement Class and to appear at the Final Approval Hearing; was reasonable, and constituted due, adequate, and sufficient notice to all persons entitled to receive notice; and fully satisfied the requirements of 735 ILCS 5/2-803, applicable law, and the Due Process Clauses of the U.S. Constitution and Illinois Constitution.

13. The Court orders the Parties to the Settlement Agreement to perform their obligations thereunder. The Parties and Settlement Class Members are bound by the terms and conditions of the Settlement Agreement.

14. The Court dismisses this action with prejudice and without costs (except as otherwise provided herein and in the Settlement Agreement).

15. In this Order:

a. “Released Claims” means any and all claims, causes of action, suits, obligations, debts, demands, agreements, promises, liabilities, damages, losses, controversies, costs, expenses, and attorneys’ fees of any nature whatsoever, whether based on any federal law, state law, common law, territorial law, foreign law, contract, rule, regulation, any regulatory promulgation (including, but not limited to, any opinion or declaratory ruling), common law or equity, whether known or unknown, suspected or unsuspected, asserted or unasserted, foreseen or unforeseen, actual or contingent, liquidated or unliquidated, punitive or compensatory, of every nature and description whatsoever, that arise out of or relate in any way to the Tubi service (including but not limited to its websites, mobile applications, connected television applications, and other Internet-based products and platforms), including but not limited to claims arising from or relating to the alleged collection, processing, sale, transfer, disclosure, use, or misuse of data associated with users of the Tubi service, and including but not limited to claims asserting violations of the Video Privacy Protection Act, the California Invasion of Privacy Act, the Unruh Civil Rights Act, the Pennsylvania Wiretapping and Electronic Surveillance Control Act, and any federal or state laws similar to these laws, or enactment of any other statutory, regulatory or common law claim arising thereunder, including but not limited to all claims that were asserted or could have been asserted in the *Campos* Action or this action, as of the date of the preliminary approval.

b. “Released Parties” means Defendant and each of its respective past, present, and future direct and indirect parents (including but not limited to Fox Corporation), subsidiaries, members, managers, divisions, predecessors, successors, holding companies, and affiliated companies and corporations, and each of the past, present, and future directors, officers, managers, employees, contractors, general partners, limited partners, investors, controlling persons, owners,

trustees, principals, agents, associates, administrators, insurers, reinsurers, shareholders, attorneys, accountants, advisors, consultants, assignors, assignees, representatives, fiduciaries, predecessors, successors, divisions, joint ventures, or related entities of those companies.

c. “Releasing Parties” means Plaintiff and the Settlement Class Members (whether or not such Class Members submit Claim Forms), and their respective assigns, heirs, successors, predecessors, parents, subsidiaries, officers, directors, shareholders, members, managers, partners, principals, representatives, and employees (each solely in their respective capacity as such), and all those who claim through them or who assert claims (or could assert claims) on their behalf.

d. Upon the Effective Date, the Releasing Parties shall be deemed to have released, and by operation of the Final Approval Order shall have fully, finally, and forever released, acquitted, relinquished and completely discharged, any and all Released Claims against the Released Parties, or any of them, including Unknown Claims.

“Unknown Claims” means claims that could have been raised in the Litigation and that Plaintiff or any or all other Releasing Parties, or any of them, do not know or suspect to exist, which, if known by him, her or it, might affect his, her or its agreement to release the Released Parties pursuant to the provisions of this Agreement, or might affect his, her, or its decision to agree, object or not to object to the Settlement. Upon the Effective Date, Plaintiff and all other Releasing Parties shall be deemed to have, and shall have, expressly waived and relinquished, to the fullest extent permitted by law, the provisions, rights and benefits of § 1542 of the California Civil Code, which provides as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY

AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR
OR RELEASED PARTY.

Upon the Effective Date, Plaintiff and all other Releasing Parties also shall be deemed to have, and shall have, waived any and all provisions, rights and benefits conferred by any law of any state or territory of the United States, or principle of common law, or the law of any jurisdiction outside of the United States, which is similar, comparable or equivalent to § 1542 of the California Civil Code. Plaintiff and the other Releasing Parties acknowledge that they may discover facts in addition to or different from those that they now know or believe to be true with respect to the subject matter of this release, but that it is their intention to finally and forever to settle and release the Released Claims pursuant to the provisions of this Agreement, notwithstanding any Unknown Claims they may have, as that term is defined above.

16. The Court further adjudges that, upon entry of this Order, the Settlement Agreement and the above-described release of the Released Claims will be binding on, and have *res judicata* preclusive effect in, all pending and future lawsuits or other proceedings maintained by or on behalf of Plaintiff and all other Settlement Class Members who did not validly and timely exclude themselves from the Settlement, and their respective predecessors, successors, affiliates, spouses, heirs, executors, administrators, agents and assigns of each of the foregoing, as set forth in the Settlement Agreement. The Released Parties may file the Settlement Agreement and/or this Final Approval Order in any action or proceeding that may be brought against them in order to support a defense or counterclaim based on principles of *res judicata*, collateral estoppel, release, good faith settlement, judgment bar or reduction, or any other theory of claim preclusion or issue preclusion or similar defense or counterclaim.

17. Plaintiff and Settlement Class Members who did not validly and timely request exclusion from the Settlement are permanently barred and enjoined from asserting, commencing,

prosecuting, or continuing any of the Released Claims or any of the claims described in the Settlement Agreement against any of the Released Parties.

18. The Court approves payment of attorneys' fees, costs and expenses to Class Counsel in the amount of \$7,009,227.98. This amount shall be paid from the Settlement Fund in accordance with the terms of the Settlement Agreement. The Court, having considered the materials submitted by Class Counsel in support of final approval of the Settlement and their request for attorneys' fees, costs and expenses and in response to any timely filed objections thereto, finds the award of attorneys' fees, costs and expenses appropriate and reasonable for the following reasons: First, the Court finds that the Settlement provides substantial benefits to the Settlement Class. Second, the Court finds the payment fair and reasonable in light of the work performed by Class Counsel and the significant risk of obtaining any recovery had they proceeded with litigation. Third, the Court concludes that the Settlement was negotiated in good faith at arm's length without collusion, and that the negotiation of the attorneys' fees only followed agreement on the settlement benefits for the Settlement Class Members. Finally, the Court notes that the Notice specifically and clearly advised the Settlement Class that Class Counsel would seek an award up to the amount sought.

19. The Court approves a service award in the amount of \$5,000.00 (five thousand dollars) for the Class Representative, and specifically finds such amount to be reasonable in light of the services performed by Plaintiff for the Settlement Class, including taking on the risks of litigation and helping achieve the results to be made available to the Settlement Class. This amount shall be paid from the Settlement Fund in accordance with the terms of the Settlement Agreement.

20. To the extent a *cy pres* award is made pursuant to the Settlement Agreement, such award will be distributed as follows: 20% of the amounts of all checks uncashed after 90 days will

be provided to United Way of Rock River Valley located in Rockford, Illinois, with the remaining 80% to be provided to United Way Worldwide.

21. Neither this Final Approval Order, nor the Settlement Agreement, nor the payment of any consideration in connection with the Settlement shall be construed or used as an admission or concession by or against Defendant or any of the other Released Parties of any fault, omission, liability, or wrongdoing, or of the validity of any of the Released Claims as set forth in the Settlement Agreement. This Final Approval Order is not a finding of the validity or invalidity of any claims in the Litigation or a determination of any wrongdoing by Defendant or any of the other Released Parties. The Final Approval Order approving the Settlement does not constitute any position, opinion, or determination of this Court, one way or another, as to the merits of the claims or defenses of Plaintiff, the Settlement Class Members, or Defendant.

22. The objections to the class action settlement filed by Marvin Cheng, Taneshia Grant, Priscilla Banh, and Aaron Hill were withdrawn by stipulation and have been addressed by the Court's December 26, 2024 Order Granting Stipulation Withdrawing Objections to Settlement. The Court finds that no reason exists for delay in entering this Final Approval Order. Accordingly, the Clerk is hereby directed forthwith to enter this Final Approval Order.

23. The Parties, without further approval from the Court, are hereby permitted to agree to and adopt such amendments, modifications and expansions of the Settlement Agreement and its implementing documents (including all Exhibits to the Settlement Agreement) so long as they are consistent in all material respects with this Final Approval Order and do not limit the rights of the Settlement Class Members.

24. Without affecting the finality of this Final Approval Order for purposes of appeal, the Court retains jurisdiction as to all matters relating to administration, consummation,

enforcement and interpretation of the Settlement Agreement and the Final Approval Order, and for any other necessary purpose.

IT IS SO ORDERED.
